Glossary:

In general terms, bullying and harassment means that something has happened to someone that is unwelcome, unwarranted and causes a detrimental effect.

Bullying is offensive, intimidating, malicious or insulting behaviour. Bullying may be an abuse or misuse of power through means that undermine, humiliate, denigrate or injure an individual, or group of individuals.

Harassment is unwanted conduct affecting the dignity of people or any other club-related environment or situation. It may be related to a protected characteristic (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation), or any personal characteristic of the individual, and may be persistent or an isolated incident. The impact on an individual may be unintentional but nevertheless be unwelcome and cause offence.

Discrimination is where an individual is treated less favourably because of a “protected characteristic” (i.e. age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation).

Victimisation occurs when an individual is treated less favourably because they have made a complaint or allegation, intend to complain or have given evidence or information about a situation involving discrimination.
